

Name _____

The Word Evolution Essay

Directions: Read the short paragraph below. Rewrite it by transforming key base words into **new forms** using suffixes (e.g., *create* → *creation*, *achieve* → *achievement*). Think about how each suffix changes the word's role in the sentence while keeping the meaning clear.

When scientists **discover** something new, they often **explain** their work to others. This helps people *understand* how important the **discover** really is. The team **achieve** a great result through **observe** and careful **measure**. Their ability to create new ideas shows deep **think** and endless **curious**.

Rewrite the paragraph using suffix-based transformations of the base words. Use suffixes like **-tion**, **-ment**, **-ness**, **-ity**, **-er**, **-ing**, or **-ful** where they fit best.
