## Nordic Realities Answer Key

- |          |          |
|----------|----------|
| 1. True  | 6. True  |
| 2. False | 7. False |
| 3. True  | 8. True  |
| 4. True  | 9. False |
| 5. False | 10. True |

### Teacher's Guide

- Introduce the activity by reviewing common stereotypes and facts about Sweden.
- Highlight bolded ideas such as **population**, **economy**, and **climate** to reinforce key concepts.
- After students finish, discuss why false statements are inaccurate and what the real facts are.

### Differentiation Tips

- Provide students who need support with a short background paragraph on Sweden before they begin.
- Allow students who need processing time to work in pairs and talk through each statement.

### Engagement Ideas

- Show quick images of Swedish geography, cities, and industries to help students visualize the statements.
- Have students debate whether each statement sounds like a fact or stereotype before revealing the answer.
- Invite students to share other myths they have heard about northern European countries.
