

Name _____

Green Leadership

Directions: Write a short essay responding to the prompt below. Use clear reasoning, specific examples, and complete sentences.

Sweden is often viewed as a world leader in **sustainability**, especially in the areas of green technology, recycling, and renewable energy. In a well structured response, explain the main reasons Sweden has earned this reputation. Consider government policies, cultural habits, environmental goals, and the country's long-term commitment to protecting natural resources.

Write at least one strong paragraph. You may write more if needed.

[illegible]
