Teacher's Guide

- This worksheet is designed for Grades 1 to 2 to support sentence reading and context clues while reinforcing **T-blend decoding**.
- Read the word bank aloud with students before beginning to build confidence with each blend.
- Provide sentence frames orally for students who benefit from hearing options before writing.
- Challenge advanced learners to write one extra sentence of their own using any T-blend word from the bank.
- Use small group reading time to have students practice reading their completed sentences aloud to strengthen fluency and comprehension.
