Teacher's Guide

- This worksheet is ideal for Grades 1 to 2, reinforcing **T-blend decoding** and early **phonological awareness** by focusing on rhyme.
- Say each T-blend word aloud slowly to help students hear the ending sounds clearly before choosing a rhyming word.
- Provide a list of simple rhyme families for students who need extra support, such as -ee, -ig, -uck, -ail, -ist, -ip.
- Encourage advanced learners to write a short phrase or sentence using the rhyme pair they created.
- Increase engagement by turning the activity into a quick oral game where students take turns giving rhymes for a T-blend word you call out.
