

Name \_\_\_\_\_

## T Blend Families Answer Key

1. tree
2. trap
3. twig
4. twin
5. trick
6. tweezers
7. trail
8. twinkle
9. twice
10. truck

### Teacher's Guide

- This worksheet helps Grades 1 to 2 students explore how **T-blends** combine with common rimes to form real words.
- Before students begin, read each rime aloud and have students repeat to hear the ending sound clearly.
- Provide guidance by noting that not every blend plus rime will make a real word, and that identifying real words is part of the challenge.
- For students needing enrichment, ask them to think of an extra real word that starts with **tr** or **tw** that is not on the page.
- For added engagement, turn the rimes into cards and let students physically pair them with **tr** or **tw** cards to test for real word formation.
