

Name _____

Domain Debate

Directions: Read the claim below. Then, write a short paragraph defending or opposing it. You must use at least **three domain-specific terms** from the word bank in your argument. Be sure your reasoning is clear, factual, and logical.

Claim: "Electric vehicles are a more sustainable choice for the planet than traditional gasoline-powered cars."

| | | |
|--------------------|-------------------------|--------------------|
| emissions | carbon footprint | greenhouse gases |
| renewable energy | fossil fuels | energy consumption |
| battery efficiency | charging infrastructure | |

Your Argument:

Challenge Extension: After writing your paragraph, exchange with a partner and evaluate each other's use of **technical vocabulary**. Did they use the terms accurately and in context?
