| 2. tone | 7. attachment |
| 3. thread | 8. block |
| 4. DM | 9. comment |
| 5. privacy settings | 10. online status |

Teacher's Guide

- **Differentiation Tips:**
 - Read each term aloud and provide real-life examples to reinforce understanding.
 - Use visuals or screenshots of social media interfaces for students who need visual context.
 - Provide a reduced word bank for students needing extra support or have them match words instead.
- **Engagement Ideas:**
 - Have students create short definitions or example sentences for each term.
 - Turn it into a "Netiquette Bee" where students explain terms verbally in pairs or teams.
- **Extension Activities:**
 - Ask students to write a short paragraph describing how they can keep a positive digital footprint.
 - Have students group words into "safe online habits" and "communication tools" to deepen understanding.
