- | | |
|-------------|-------------|
| 1. password | 6. photos |
| 2. privacy | 7. accounts |
| 3. password | 8. devices |
| 4. clicking | 9. sharing |
| 5. location | 10. forever |

Teacher's Guide

- **Differentiation Tips:**
 - Read each statement aloud and explain key terms like "privacy settings" and "suspicious link."
 - Provide a shortened version of the word bank for students needing extra support.
 - Allow students to work in pairs to discuss possible answers before writing.
- **Engagement Ideas:**
 - Create a "Cyber Safety Pledge" where students write three rules they promise to follow.
 - Discuss real-life examples of how people protect their online privacy.
- **Extension Activities:**
 - Have students design a short digital safety poster summarizing three key tips from the worksheet.
 - Encourage a class discussion on how cyber safety connects to being a respectful digital citizen.
