Teacher's Guide

- **Differentiation Tips:**
 - Read the sentences aloud and pause for students to fill in the missing words verbally before writing.
 - For emerging readers, provide picture clues for words like "photo" or "sleep."
 - For advanced learners, have them create two new fill-in-the-blank rules of their own.
- **Engagement Ideas:**
 - Turn it into a "Digital Manners Challenge" where students act out one correct and one incorrect texting behavior.
 - Discuss why tone and timing are important in digital messages.
- **Extension Activities:**
 - Have students write a short "Online Etiquette Pledge" summarizing how they'll apply these rules.
 - Ask them to design a mini poster with one rule and an example of how to follow it.
