## Dreams Across Generations Answer Key

Answers will vary but should include:

1. Baby Boomers: Homeownership, steady employment, family stability, middle-class life.
2. Gen X: More independence, personal freedom, work-life balance, breaking from tradition.
3. Millennials: Higher education, purposeful work, experiences, adjusting to economic struggle.
4. Gen Z: Focus on equality, inclusion, mental health, innovative careers, social change.

### Teacher's Guide

- **Target Skill:** Comparing perspectives across different historical eras and generations.
- **Background Prep:** Briefly explain key events affecting each generation (e.g., post-WWII boom, tech rise, Great Recession).
- **Differentiation:**
  - Provide a timeline of major events as a visual scaffold.
  - For advanced students, require an additional generation (Silent Gen or Gen Alpha) for deeper analysis.
- **Engagement Tips:**
  - Host a classroom poll: "Which generation's Dream do you relate to most?"
  - Encourage students to interview a family member from another generation about what success meant to them.
- **Extension Ideas:**
  - Students create a mini-podcast or written article comparing generational viewpoints.
  - Build a class display where each student illustrates a "Dream icon" for each generation (e.g., house keys, smartphone, diploma).
