### Teacher's Guide

- **Target Skill:** Understanding historical change in values and cultural beliefs about success in America.
- **Suggested Introduction:** Briefly discuss what the term "American Dream" means and how it can differ for different people.
- **Differentiation:**
  - Provide sentence starters for struggling writers (e.g., "In the past, success meant...").
  - Challenge advanced students to include a real historical example in their short response.
- **Engagement Tips:**
  - Ask students to interview a family member about what success meant when they were young.
  - Encourage students to share personal dreams and connect them to broader historical themes.
- **Extension Ideas:**
  - Create a mini-poster illustrating what the American Dream might look like in the future.
  - Add a timeline showing how major events changed Americans' goals (e.g., Industrial Revolution, Civil Rights Movement).
