Teacher's Guide

- Introduce or review each term before beginning; ask students to give real-world examples where possible.
- Encourage students to draw lines connecting each "domino pair" before they write answers to support comprehension.
- **Differentiation options:**
 - Provide a reduced word bank for students who need extra support.
 - Challenge advanced learners to create two additional domino terms and definitions related to the Articles of Confederation.
- **Engagement idea:** Have students cut and rearrange the terms and definitions physically to build a "domino chain" on their desks.
- **Extension activity:** Students write a short paragraph using at least three vocabulary terms to explain a weakness of the Articles of Confederation.
