Teacher's Guide

- Reinforce how students can use a **thesaurus** to choose the best synonym based on sentence meaning, not just word matching.
- For differentiation:
 - Read sentences aloud and discuss each option for students who need extra support.
 - Challenge advanced students to explain why the other choices do not fit as well.
- For engagement:
 - Let students defend their choices with a partner before checking answers.
 - Turn a few items into quick class polls.
- For extension:
 - Have students rewrite two sentences using a different synonym that still makes sense.
 - Ask students to create their own sentence with a target word and three possible synonyms.
