

Name _____

Trio Blend Definitions Answer Key

1. sprout
2. string
3. splash
4. splinter
5. scrub
6. scrap
7. sprinkle
8. street

Teacher's Guide

- Review the targeted blends (**str**, **spr**, **spl**, **scr**) and have students identify the blend at the start of each word in the word bank.
- Encourage students to read the definitions slowly and think about the **meaning** before matching.
- Support emerging readers by having them match orally first or by providing picture cues for each definition.
- For extension, ask students to create their own kid-friendly definition for one blend word or write a sentence using three of the matched words.
