## Trio Blend Cloze Builder Answer Key

1. sprout
2. string
3. splash
4. scrub
5. scrap
6. sprinkle

### Teacher's Guide

- Review the four blends (**spr**, **str**, **scr**, **spl**) and have students practice saying each one before beginning the activity.
- Encourage students to read the entire paragraph first to understand the **context**, then choose the blend that makes the most sense.
- Support developing readers by providing word banks or letting them highlight the blends in each choice before selecting.
- For extension, challenge students to write their own short cloze paragraph using at least three blend words or illustrate one of the scenes from the worksheet.
