Topic Sentences

- A. Bees are amazing helpers in nature.
- B. Local parks give families many ways to have fun.
- C. Recycling is an easy way to help the planet.

Paragraphs

1. _____ Many families visit these places on weekends. Children can climb on playgrounds, and adults can rest under shady trees. Some parks even have walking paths where people ride bikes or take relaxing strolls.
2. _____ These small insects travel from flower to flower collecting nectar. As they move around, they spread pollen that helps plants grow. Without bees, many fruits and vegetables would not exist.
3. _____ When people reuse paper, plastic, and metal, less waste ends up in landfills. Sorting items only takes a few minutes, and recycling bins are placed in many buildings. This small habit makes a big difference for the environment.
