Skate Park Claims

Directions: Read the passage. Decide if each statement is a **Fact** or an **Opinion**. Write your answer in the blank before each number.

After school on Friday, a group of students meets at the new skate park near the river. The park has two smooth ramps, a long rail, and a wide open riding area. Jamal practices balancing on his board while his sister times him with her phone. A city worker sweeps gravel off the pavement to keep the surface safe. By sunset, the park is full of riders taking turns and cheering for one another.
