Teacher's Guide

- Review the meaning of **True**, **False**, and **Not in the Text** before students begin.
- Have students point to the **exact sentence** that supports true and false answers.
- For support, reread the passage aloud and pause after each sentence for discussion.
- For engagement, let students work in pairs and explain why they chose each answer.
- For extension, ask students to write one new statement for each category.
- For enrichment, challenge students to revise one **false** statement into a true one using text details.
