Name _____

Lighthouse Proof

Directions: Read the passage. Decide if each statement is **True** or **False**. Circle your answer. Then **write the exact sentence from the passage that proves it**.

On Saturday morning, a group of students visits the old lighthouse on Harbor Point. A guide leads them up a narrow staircase with **one hundred steps**. At the top, the students look out over the gray ocean and spot a sailboat moving slowly across the water. The guide explains that the lighthouse once helped ships avoid the sharp rocks near shore. Before leaving, the group sketches the lighthouse in their notebooks and buys postcards from the small gift stand.

1. The students visit the lighthouse on **Saturday morning**. (True / False)

   Proof: _____
