### Teacher's Guide

- This worksheet supports early geography skills by reinforcing basic facts about Ukraine through accessible multiple-choice items.
- Read questions aloud for students who need help with decoding.

### Differentiation Tips

- Allow students who need support to choose answers using color-coded cards labeled A through D.
- Provide a mini glossary of key terms like capital, symbol, or landmark.
- Pair students to discuss answers before selecting one.

### Engagement Ideas

- Show a map of Europe and let students point out Ukraine and nearby countries.
- Display a picture of the Ukrainian flag to reinforce the color question.
- Play a short audio clip of the hopak to build cultural context.

### Extension Activities

- Have students create their own multiple choice question about Ukraine.
- Ask advanced learners to compare two Ukrainian cities and write one similarity and one difference.
- Invite students to draw one Ukrainian symbol, landmark, or food and label it.
