Teacher's Guide

- Preview each vocabulary word before students begin and point out bold terms.
- Encourage students to check the word bank twice before writing answers.

Differentiation Tips

- Allow advanced students to write their own sentences using three words from the list.
- Offer guided practice by modeling how to cross out words already used.

Engagement Ideas

- Show students a map of the British Isles and have them locate the Atlantic Ocean.
- Display quick visuals of a castle, a river, and the Union Jack to build background knowledge.
- Ask students to stand up if they have ever heard any of the words before and share what they know.

Extension Activities

- Have students draw one vocabulary word and label it with a fact.
- Invite students to write a short paragraph describing what makes the UK an island nation.
- Assign a mini research task where students find a UK river, castle, or symbol and share one cool fact about it.
