Teacher's Guide

- Review common variant vowel teams before starting: **au, aw, oo, ew, oi, oy, ou, ow.**
- Encourage students to read each sentence aloud. Mistakes often become clear when they hear the vowel sound.
- For students who need support, underline the incorrect word and provide two possible corrections they can choose from.
- For an extension activity, have students create their own fix-it sentences using variant vowel teams and trade with a partner to correct.
