### Teacher's Guide

- Review the vowel teams for each long vowel before students sort: **ai** and **ay** for long a, **ee** and **ea** for long e, **oa**, **oe**, and **ow** for long o.
- Encourage students to tap or clap the vowel sound and listen for whether it matches long a, long e, or long o.
- For learners who need support, highlight the vowel team in each word from the word bank together before sorting.
- Extension idea: Students choose one vowel group and write three new words that fit the same long vowel pattern.
