## Vowel Digraph Sentences Answer Key

Answers will vary. Sentences should show correct usage of each vowel digraph word in context. Look for:

- Correct spelling.
- Logical meaning.
- Capital letters and ending punctuation.

### Teacher's Guide

- Review each vowel digraph before writing: **ai** in train, **ee** in sweet and beach, **oa** in goat and boat, **ow** in snow.
- Model one example sentence together so students understand how to use meaning and not just copy the word.
- For students who need support, provide sentence starters such as: "The train..." or "The goat..."
- Extension idea: Have students choose two of their sentences and illustrate them to reinforce comprehension and vocabulary.
