### Teacher's Guide

- Review each vowel digraph before beginning. Focus on **ea**, **oa**, **ai**, **ow**, **ee**, and **oa** patterns in the word bank.
- Read definitions aloud to support early readers. Encourage students to listen for meaning clues and vowel sounds.
- For students who need extra help, show picture cues for each word or pre-teach vocabulary.
- Extension idea: Have students write their own kid-friendly definition for a new vowel digraph word and create a matching question for a partner.
