Teacher's Guide

- Review each vowel digraph sound before beginning: **ea**, **ai**, **oa**, **ee**, **ow**.
- Encourage students to read the full sentence first, then try each word in the blank to see which makes sense.
- For students who need support, highlight the vowel team in each word in the word box to build visual recognition.
- Extension idea: Students choose two completed sentences and rewrite them with new vowel digraph words while keeping the meaning logical.
