

Name \_\_\_\_\_

## Diphthong Twin Match Answer Key

cow → town

boil → soil

shout → round

toy → boy

join → coin

flower → owl

### Teacher's Guide

- Review the four diphthongs **oi**, **oy**, **ou**, and **ow** before students begin. Emphasize that different spellings can share the exact same sound.
- Read each list aloud to assist emerging readers. Encourage students to say both words aloud when matching and listen for the shared vowel sound.
- For additional support, create a sound-only practice round in which students sort words by sound before matching spellings.
- To extend learning, have students write one new word for each pair or create their own matching lists using diphthong words they already know.
