1. coin
2. flower
3. toy
4. noise
5. house
6. spoil
7. round
8. shout
9. pain
10. join

Teacher's Guide

- Begin by reviewing the four diphthongs: **oi**, **oy**, **ou**, and **ow**. Say each sound aloud clearly so students hear the vowel glide.
- Encourage students to read the completed word aloud after filling in the diphthong to reinforce accuracy.
- Provide a diphthong reference chart for learners who need extra support. Include examples in the middle and at the end of words.
- For extension, have students choose two completed words and write sentences. For a challenge, ask them to think of two new words that also use each diphthong pattern.
