Pattern Fill Sentences Answer Key

1. seed

2. float

3. rain

4. beach

5. tray

6. road

Teacher's Guide

- Review each **vowel pattern** in the word bank. Say the words aloud and have students echo them to build sound recognition.

- For students needing more support, underline the missing word's vowel pattern clue in each sentence and discuss which options fit.

- Challenge advanced learners by asking them to create two new cloze sentences using any vowel pattern words they choose.

- Extend the activity by sorting the completed answers into vowel pattern groups and discussing how patterns change vowel sounds.
