Teacher's Guide

- Review common **vowel teams** before the activity. Provide students with quick examples of ee, ea, oa, ie, and ow.
- Support learners by reading each sentence aloud and emphasizing the incorrect vowel sound to help them identify what needs fixing.
- Challenge advanced students by having them create two new incorrect sentences using wrong vowel teams, then trade with a partner to fix.
- Extend learning by asking students to explain why the corrected vowel pattern is correct, reinforcing pattern awareness and vocabulary understanding.
