

Name _____

Severe Weather Survival Blueprint Answer Key

Note: Answers will vary, but here are examples for each storm type.

Hurricane Example

- **Before:** Board up windows, stock up on food/water, secure outdoor items.
- **During:** Stay indoors away from windows, listen to weather updates, avoid using candles if power goes out (fire hazard).
- **After:** Check for flooding before going outside, avoid downed power lines, boil water if needed.

Tornado Example

- **Before:** Identify a safe room, prepare emergency kit, monitor weather alerts.
- **During:** Go to basement or interior room, protect head with blanket or helmet, stay away from windows.
- **After:** Watch for debris and sharp objects, listen for all-clear signal, assist neighbors if safe.

Blizzard Example

- **Before:** Stock food/water, insulate windows/doors, keep vehicles fueled.
- **During:** Stay indoors, wear warm layers, avoid driving.
- **After:** Shovel snow carefully to prevent injury, check for frostbite, avoid icy roads.
