

Name \_\_\_\_\_

## Forecast or Pattern Analysis Answer Key

1. Weather
2. Climate
3. Weather
4. Climate
5. Weather
6. Climate
7. Weather
8. Climate
9. Weather
10. Climate

### Explain Your Reasoning

Answers will vary, but should include time frame clues. Example:

- "Summers in southern Spain are hot and dry" → Climate, because it describes a seasonal pattern over many years.
- "A heatwave lasting one week in July" → Weather, because it's a short-term event.
