

Name _____

Severe Weather Survival Blueprint

Severe weather events can be dangerous and unpredictable. Whether it's a **hurricane**, **tornado**, or **blizzard**, having a safety plan in place can save lives. In this activity, you will choose one type of severe weather and create a step-by-step safety plan for before, during, and after the event.

Part 1 - Choose Your Storm

Put a check mark right next to the type of severe weather you will focus on:

- ☐ Hurricane
- ☐ Tornado
- ☐ Blizzard

Part 2 - Safety Step Brainstorm

Fill in the table below with **at least three safety steps** for each phase of the storm:

Phase of Storm	Safety Steps
Before	1. 2. 3.
During	1. 2. 3.
After	1. 2. 3.
