## Nature Vs. Human Causes Answer Key

1. **N** - Wave action is a natural process.
2. **H** - Logging is a human activity that increases erosion.
3. **N** - Glaciers are natural erosion agents.
4. **H** - Poor farming practices can cause wind erosion.
5. **N** - Landslides triggered by rain are natural events.
6. **H** - Road construction exposes soil to erosion.
7. **N** - Rivers naturally carve channels over time.
8. **H** - Vehicle activity loosens sand, increasing erosion.
9. **N** - Ice wedging is a natural weathering and erosion process.
10. **H** - Mining disrupts soil and rock layers.
