Teacher's Guide

- **Differentiation Tips:**
 - Provide images of ration books, wartime factories, and victory gardens to support comprehension.
 - For younger or struggling readers, underline key context words like "stamps," "grow," or "factory."
 - Offer a word bank for students who benefit from extra language support.
- **Engagement Ideas:**
 - Create a "Home Front Heroes" role-play where students act out each action.
 - Have students design a wartime propaganda poster encouraging one of the three efforts.
- **Extension Ideas:**
 - Ask students to compare how citizens helped during WWII to how communities help in modern crises.
 - Encourage students to interview an older relative or research online how their community supported the war effort.
