

Name _____

All Minds View

Directions: Read the limited third-person scene. Then rewrite it as an **omniscient** scene by showing the thoughts or feelings of **both** characters.

Rowan searched the shelf for the last puzzle piece, pushing aside boxes and books. Across the room, Lila paused by the window, watching him as he worked.

Rewrite the scene so the narrator knows **what Rowan is thinking** and **what Lila is thinking** at the same time.
