Name _____

1. Task, context, and clarity

2. The task is what you want ChatGPT to do (e.g., "Write a poem").

3. Context adds details and clues to make the answer stronger (e.g., "Write a poem about a dog who loves soccer").

4. Clarity means using words that are easy to understand so ChatGPT knows exactly what you want.

5. Example answer: *"Write three sentences that tell a funny story about a dog who gets muddy."*
