

Name _____

Scene From Clues

Directions: Use only the raw observable details given below. Do not add information that is not directly supported by the list. Reconstruct the scene into one vivid descriptive paragraph that stays grounded in the details provided.

Raw Observable Details

- shattered glass on the floor
- a tall lamp lying on its side
- late-afternoon sunlight across one wall
- a stack of papers spread out
- a window partly open

Reconstruct the Atmosphere: Write one descriptive paragraph using only the listed details. Your paragraph should be vivid but strictly based on observable evidence.
