Teacher's Guide

- Review the three **story map parts**: character, setting, and problem.
- Encourage students to underline sentences in the passage that match each story map part.
- Support emerging readers by rereading the passage aloud and pausing to discuss each element.
- For engagement, let students draw Nora and the forest scene after completing the worksheet.
- For differentiation, reduce the number of items or provide sentence frames like The character is ____.
- For extension, ask students to add a **solution** to the story and share it with a partner.
