

Name _____

Lift Your Writing Answer Key

Answers will vary. Students should include at least one correct **-ft** word per prompt, such as: gift, lift, soft, loft, raft, craft, drift, shift.

Teacher's Guide

- Encourage students to brainstorm a quick list of **-ft** words before writing. This helps them choose words independently.
- For students who need support, offer a **word bank** with simple visuals next to each **-ft** word.
- Challenge advanced students to use **two or more -ft** words in each response or to combine them into a short paragraph.
- For engagement, let students share one highlighted sentence with a partner and identify the **-ft** words in each other's writing.
