

Name _____

Match The Picture Answer Key

1. lamp
2. jump
3. ramp
4. lump

Teacher's Guide

- Use this worksheet to reinforce recognition of **-mp final blends** by pairing visual cues with word reading.
- Support emerging readers by previewing each word aloud before students begin matching.
- For differentiation, provide a small set of picture cards and have students sort them into -mp and non -mp categories.
- Extend the activity by having students draw their own -mp picture and write the matching word underneath, building confidence and application across contexts.
