Teacher's Guide

- This worksheet helps students connect **-mp words** to real-world settings, reinforcing vocabulary meaning along with phonics skill.
- Read all setting choices aloud before students begin and discuss what each place is like to build background knowledge.
- For differentiation, provide picture cards for each setting or allow students to verbally match items before writing.
- Extend learning by having students draw one setting with its matching -mp item or create a new match of their own using another -mp word.
