Mp Sentence Picks Answer Key

1. lamp

2. camp

3. bump

4. jump

5. stomp

Teacher's Guide

- This activity helps students apply **-mp final blend recognition** in connected text by selecting words that fit sentence meaning.

- Before beginning, preview the word bank and have students clap out each word to hear the final blend clearly.

- Provide support by reading sentences aloud and pausing before the blank so students can predict the missing word.

- For extension, ask students to choose two -mp words and write their own sentences, or create a partner challenge where one student reads a sentence and the other supplies the correct -mp word.
