

Name _____

Nd Blend Builder Answer Key

1. bend
2. sand
3. land
4. wind

Sentence will vary.

Teacher's Guide

- This activity reinforces how onsets and rimes combine to form **real, decodable words**, supporting early blending and segmenting skills.
- Have students say each beginning aloud, then blend it slowly with **-nd** to hear the full word.
- For differentiation, provide picture cues or let students use movable onset cards to physically flip and attach to the **-nd** rime.
- For extension, challenge students to think of additional beginnings that could pair with **-nd**, such as **ha**, **se**, or **fi**, and test whether those combinations form real words.
