Teacher's Guide

- This worksheet supports the use of **context clues** while reinforcing recognition of the **-nd final consonant blend** in real sentences.
- Model how to reread the sentence and look for surrounding words that give hints about the meaning, such as adjectives or actions.
- For differentiation, highlight each **-nd word** in the paragraph before reading or provide a picture menu for the answer choices.
- For extension, have students write one extra sentence using a different **-nd** word and underline the clue that helps explain its meaning.
