

Name _____

Matching Nd Blends Answer Key

1. A
2. C
3. B

Teacher's Guide

- Use this worksheet to reinforce recognition of **final consonant blends (-nd)** through visual cues.
- Encourage students to say each word aloud and emphasize the ending sound to build phonemic awareness.
- For differentiation, provide sentence frames such as "I feel ____ on the beach" or offer picture cards for students who need more concrete support.
- For extension, ask students to draw their own **-nd** word (such as **band**, **pond**, or **land**) and label it, or create a simple oral sentence using one of the matched words.
