1. sand
2. wind
3. hand
4. bend
5. send
6. pond
7. band
8. land
9. sound
10. bind

Teacher's Guide

- This worksheet blends **phonics** and **comprehension** by having students decode **nd** endings and match them to meaning-based clues.
- For students who need additional support, offer a small **word bank** with the possible **nd** words or read clues aloud before independent work.
- To boost engagement, allow students to illustrate one or two of the **nd** words after filling them in.
- For extension, ask students to create one new clue sentence of their own using any **nd** word and exchange it with a partner for solving.
- For a challenge, include less common **nd** words like **fund**, **mend**, **tend**, or **blend** in follow-up activities.
