The Missing Print (-NT Blend Reading Comprehension)

Ellie loved visiting the local art museum. One day, she went to see a special exhibit filled with old **prints** and paintings. As she walked past a display of colorful **paint**, she noticed that something looked off. A famous **print** of a mountain scene was missing!

She quickly told the museum **assistant**, who was standing near the front desk. The assistant gave her a small **hint**: the cleaning crew had been in that morning. Ellie and the assistant checked the back room, where they found the **bent** frame leaning against a wall. The art wasn't stolen - it had just slid off the hook!

Ellie helped the assistant carefully hang the **print** again. As a reward, the museum **granted** her a free ticket for the next exhibit. She left feeling proud, with a big smile and a **mint** candy from the gift shop.
